

Erasmus Policy Statement (EPS)

La pagina seguente è l'Erasmus Policy statement (EPS) che rappresenta parte integrante della strategia istituzionale di Unicollege ed è stato uno dei documenti necessari per l'ottenimento della Erasmus University Charter (EUC). L'EUC è un certificato rilasciato dalla Commissione Europea che concede a SSML di Mantova il diritto di partecipare al programma Erasmus contenente i principi fondamentali di tutte le attività legate al programma.

Unicollege is a recognised higher education institution that produces the mediators, the interpreters and the translators of tomorrow. It has branches in Mantova and Florence.

Unicollege put the internationalization at the core of its purposes focusing its international strategy on excellence in education and the quality of learning results. The ERASMUS network is an important part of the internationalisation strategy. Mobility programs aim to complement Unicollege curriculum by providing opportunities for students to experience international education first-hand.

As a higher education institution specialized in Linguistic Mediation Science, Unicollege enacts international cooperation policies addressed to all Higher Education Institutions offering academic programs consistent with Unicollege programs. Partner Institutions will be chosen ensuring adequate academic standards for students. Agreements will be made with institutions offering similar programs but also with those providing complementary programs.

By participating in the Program, Unicollege wants to achieve the following objectives of modernization:

- 1) improve the quality of teaching, increasing the international dimension of study programs;
- 2) establish close links with linguistic and social sciences oriented European Higher Education Institutions;
- 3) increase international competencies of Unicollege graduates who, as future professionals, will have the opportunity to better compete at EU and non-EU level.
